MUNICIPAL BULLETIN No. 5

1911

STATISTICS OF ONTARIO MUNICIPALITIES

The statistics in this Bulletin are compiled from schedules for 1910 furnished by the Bureau to the Municipal Clerks and Treasurers of Ontario. Many of these officers have not yet returned the schedules. In most of these cases the figures of debenture debt and of sinking funds are taken from the reports of municipal auditors, while in a few cases we have had to repeat the figures of the preceding year in absence of any returns.

To bring the information more up to date, we have attempted to give the population for 1911, as handed in to Municipal Clerks by the Assessors on April 30. Some delay has occurred owing to our having to send the schedules out a second time to nearly one-half of the Clerks. Even now we give the figures for 1910 in many cases, and in a few the latest available populations are for 1909. This Bulletin, however, is a preliminary statement, the object being an early presentation of the chief items of Municipal affairs.

Although the majority of the municipal officials send in their returns promptly and satisfactorily, we regret that too many of the others show neglect and carelessness in making returns to the Department. The handling of "public utilities" by Commission, with a different treasurer from that of the Municipality, is a continual source of trouble in getting information. In one town these "utilities" have not yet been audited for 1909, and the town treasurer knows nothing officially.

We have endeavored in the Bulletin to give in a concise form for all municipalities, grouped into counties and districts, the population, area, assessed value, taxation, debenture debts and sinking funds.

Statistician.
